**Brevard Achievement Center Enterprises and USSSA Team to Employ People with Disabilities**  
*New contract brings 50-plus jobs to the Space Coast's employment lineup*

Rockledge, Fla. – Brevard Achievement Center Enterprises (BACE), a wholly-owned subsidiary of [Brevard Achievement Center](#) (BAC), and the United States Specialty Sports Association ([USSSA](#)) recently partnered to provide people with disabilities work opportunities at the multi-sport company's USSSA Space Coast Complex.

Under the initial two-year contract, BACE will provide housekeeping, general maintenance and box office support for USSSA. Jobs also are available in each of these areas for qualified applicants. Although individuals with disabilities will be considered first for employment, candidates without disabilities also will be hired.

"We are sincerely grateful to USSSA for partnering with BAC in order to create diverse employment opportunities for people with disabilities in Brevard," said BAC President and CEO, Amar Patel. "Thanks to our partnership, individuals across the disability spectrum have the opportunity to work because positions like ticket takers, box office and customer service personnel do not require much physical labor. The ability to offer jobs to people of all levels of disability is definitely a home run for our community."

BACE was created to further the mission of BAC by providing job opportunities for people with and without disabilities in an integrated work environment. Tom Graver, former ESPN Wide World of Sports Guest Operations Manager, serves as BACE's Sports Operations Manager and leads a team of five staff and 20 BACE part-time employees.

"Currently, we have over 20 part-time positions that need to be filled," Graver said. "Wages range from \$11.47 to \$12 an hour depending on the job." Job seekers can complete an online application at [bacbrevard.com/careers](http://bacbrevard.com/careers) Graver added.
